January 2012

Dear Student,

We hope that you had a good break over Christmas and New Year. Welcome back to what will prove to be a decisive year for you in 2012!

The Spring term comprises:

- 5 weeks and 2 days from 5th January to 10th February
- 5 weeks and 4 days from 21st February to 30th March (only 11 weeks in total)

The Summer term comprises:

- 7 weeks from 16th April to 1st June (exams begin 3 weeks in, on 14th May)
- 3 weeks from 11th to 29th June (last exam on 29th)

This means that there are only 14 weeks to your first exam and that everything will be over in 21 weeks.

On Monday 9th January, you will receive your **mock examination results**. We are presenting these in the same format as on the results day in August, to give you a sense of what you might achieve. We hope that this will be a day of celebration for you that indicates you are moving towards the success you deserve. Alternatively, the results may well be disappointing. We hope that this will serve as a wake-up call highlighting what you need to do in order to achieve a different and improved outcome in August.

You may be targeted for one of the support strategies identified above. You are probably progressing well, on target in most if not all subjects and do not require support beyond that which you receive from all your hard-working teachers. If you feel you do want further support, please do not hesitate to contact Mr Bennett so that we can arrange for someone to help you.

It is very important that you do everything you can in the next few weeks. You must use the support on offer to fully achieve your potential in the exams. Every lesson and every hour spent on work outside lessons is absolutely crucial.

The best of luck for 2012,

K. Harrison
Headteacher
